Subspace Art is the latest addition to Culver City's thriving and growing creative scene. The gallery features works by known and rising artists in a variety of traditional and contemporary mediums. All works are optioned for sale. Exhibits run for 45 days with new shows starting every two months.

Subspace art is located next door to the iconic Ed Massey building and across from Sony Studios and the historic Kirk Douglas Theatre in downtown Culver City. Without the overhead costs associated with traditional galleries, they are able to significantly lessen the cost of the art while offering incredible works to the public.
